

NOTICE TO MODIFY THE LICENCES OF NETWORK COMPANIES TO IMPLEMENT THE FIRST REGULATORY CONTROLS (RC1)

In accordance with Article (99) of Law No (2) of 1998 Concerning the Regulation of the Water and Electricity Sector in the Emirate of Abu Dhabi as amended, the Regulation and Supervision Bureau for the Water and Electricity Sector in the Emirate of Abu Dhabi (the Bureau) hereby gives Notice of its intention to modify the Licences of:

- Al Ain Distribution Company (ADDC);
- Abu Dhabi Distribution Company (ADDC);
- Abu Dhabi Sewerage Services Company (ADSSC); and
- Abu Dhabi Transmission and Dispatch Company (TRANSCO).

The proposed modifications are detailed in the Bureau's Final Proposals for the First Regulatory Controls (RC1) document issued on 12 November 2017

Interested parties may wish to view and download this document and earlier consultation papers on this topic from the Bureau's website at: <http://rsb.gov.ae/en/sector/price-controls>

The proposed Licence modifications are being made in order to give effect to the new price controls applicable on the four concerned companies for the period 2018-2021 inclusive.

The price controls limit the revenues of the companies and are set to enable them to continue financing development and operation of the water, wastewater and electricity networks in the Emirate. At the same time, they provide incentives to improve capital and operating efficiency and customer services.

Date of Publication: 14/November/2017

Any representations or objections concerning these Licence modifications should be sent to the Bureau within twenty-eight (28) days of the date of this notice & addressed to:

Director General
Regulation and Supervision Bureau
P.O Box: 32800, Abu Dhabi
